Instructions for Form FTB 3574

Special Election for Business Trusts and Certain Single Member Foreign LLCs

General Information

A Purpose

Use form FTB 3574 to make an irrevocable election to be classified the same as federal for California tax purposes. If the entity is a business trust or a previously existing foreign single member limited liability company (SMLLC) and the entity meets one of the conditions below, the entity is eligible for the election (Cal. Code of Reg. Section 23038):

1. The entity is a business trust that was classified as a corporation under California law, but was classified as a partnership for federal tax purposes for taxable years beginning before January 1, 1997; or
2. The entity is a previously existing foreign SMLLC that was classified as a corporation under California law but claimed to be a partnership for federal tax purposes for taxable years beginning before January 1, 1997.

This election does not apply to an entity that:

- Was properly classified as an association taxable as a corporation;
- Did not derive income from sources within California; or
- Had no owner who was a resident of California within the 60-month period before January 1, 1997 (Revenue and Taxation Code Section 23038(b)(2)(c)).

Unless either the business trust or previously existing foreign SMLLC makes this irrevocable election to be classified or disregarded, the same as it is for federal tax purposes, the entity will continue to be classified as a corporation for California tax purposes and must file Form 100, California Corporation Franchise or Income Tax Return. See Title 18 Cal. Code Reg. Section 23038(a)-(b) for more information.

B Check the Box Regulations

California has generally conformed to the federal entity classification regulations (commonly known as "check-the-box" regulations) that allow certain unincorporated entities to choose tax treatment as a partnership, a corporation or as a disregarded entity (Stats. 1997, Ch. 608). The regulations replace the former system of analyzing 4 corporate characteristics to determine classification for tax purposes. An "eligible entity" may choose its classification. An "eligible entity" is defined as a business entity that is not a trust, a corporation organized under any federal or state statute, a foreign entity specifically listed as a per se corporation, or other special business entities under the Internal Revenue Code, such as publicly traded partnerships, real estate mortgage investment conduits, financial asset securitization investment trusts or regulated investment companies) may choose its classification. An eligible entity with two or more owners will be a partnership for tax purposes unless it elects to be taxed as a corporation. An eligible entity with a single owner will be disregarded for tax purposes, unless it elects to be taxed as a corporation. Generally, any elections made for federal purposes under the federal "check-the-box" regulations are binding for California purposes, and no separate state elections are allowed. However, there is an exception in the

case of certain eligible business entities. This exception applies to business trusts and previously existing foreign SMLLCs.

C Effective Date of Election

Generally, the election will take effect on the date entered on form FTB 3574, line 2. If no date is entered, the effective date will be the date the form is filed. The effective date specified can be no more than 12 months after the date on which the election is filed, and no more than 75 calendar days prior to the date on which the election is filed.

If a date is chosen which is more than 75 calendar days prior to the date on which the election is filed, the election will take effect 75 days before the date it is filed. If an effective date is selected which is more than 12 months after the filing date, the election will take effect 12 months after the date the election was filed.

D Consent Statement and Signatures

Form FTB 3574 must be signed by:

1. Each member of the electing entity who is an owner at the time the election is filed; or
2. Any officer, manager or member of the electing entity who represents to having such authority under penalties of perjury.

F Important Information

If an entity taxable as a corporation for California purposes elects to be classified as a partnership or disregarded entity in the same manner as the entity is classified or disregarded for federal tax purposes, the entity must treat the change of classification as a liquidation of a corporation. This may cause a short-period filing requirement. The corporation must also recognize the tax consequences of such a dissolution.
